ARETAI

Aretai Contra 100S

A highly detailed and revealing soundstage with a surprisingly low yet impactful bass character that's entirely unique in this size category.

Designed for smaller and medium-sized rooms, the compact Contra 100S are quite unusual speakers, allowing you to "see" each instrument located right where the recording engineer intended it to be.

HiFi+ magazine award as Highly Commended Product of the Year 2022.
