processing and food industry

October 29-31, 2024

International Exhibition Center
Kyiv, Ukraine

together
with

Organizer:

PREMIER

On 29-31 October 2024, Kyiv will host **Agro2Food**, an exhibition of technologies, equipment, and solutions for the agro-processing and food industry.

Exhibition objective: is to develop Ukraine's food industry with high added value, which is one of the priority areas of economic development of Ukraine for the next 5 years according to the Economic Strategy of Ukraine until 2030.

Exhibition will be held alongside with the 27th exhibition of food and beverages **WorldFood Ukraine** and exhibition **Wine & Spirits** which in 2023 brought together about **1000 food and beverage producers**.

Target audiences of Agro2Food exhibition:

- exhibitors: manufacturers, importers, providers of technology, equipment, solutions for processing agricultural raw materials into food;
- visitors: sectoral food producers, juice and beverage producers, agro-processing companies, farms, local communities, investment companies.

Within the framework of the exhibition the following events is going to be held:

- «A course for agro-processing. How to scale the business and where to get money?» - forum;
- «Communities marathon» - communities present their capabilities and experience in attracting and developing processing enterprises on their territories.

Venue: International Exhibition Center, 15, Brovarsky Prospect, Livoberezhna metro station.

Organizer: Premier Expo - the only international exhibition operator in Ukraine that holds more than 15 exhibitions annually and organizes events to attract investment in the reconstruction and recovery of Ukraine.
